

## Client Seminar

### Singapore Financial Reporting Standards - Annual Technical Update 2008

The latest changes to the Singapore Financial Reporting Standards (FRS) will impact companies' annual reporting. As you prepare the financial year-end reporting for your company, do you know if you have adequately incorporated the disclosure requirements in compliance with these changes?

In this exclusive client seminar, experts from RSM Chio Lim will provide you with the latest FRS updates.

Date: 5th Dec 2008 (Friday)

Time: 9:00 am - 12:00 pm

Venue: National Library Building  
Possibility Room, Level 5  
100 Victoria Street  
Singapore 188064

Admission by registration only.  
*(Limited to 2 persons per client, first-come-first-served.)*

## Who Should Attend

Financial Controllers, CFOs, Accountants and Finance Managers

## Seminar Topics

- FRS 1
- FRS 23
- FRS 108
- IAS 27 and IFRS 3
- Improvements to FRS

## Speakers' Profiles

### Mr Kaka Singh, Chairman & Senior Partner, Audit Services

With more than 37 years in international accounting, Kaka brings a wealth of experience that includes consultancy relating to growth, succession planning, joint ventures, mergers and acquisitions, estate planning and management accounting. He has extensive experience in IPO assignments, company secretarial matters, corporate governance issues, audit and training. His experience with complex litigation support work is invaluable in helping clients avoid unintended difficulties. Kaka is a regular speaker at conferences and seminars, and has held many key positions in various accounting bodies including ACCA (Singapore Branch), ICPAS and Institute of Chartered Management Accountants (Singapore Branch).

### Mr Peter Jacob, Partner, Audit Services

Peter has 22 years of experience since qualifying as a chartered accountant. In addition to audit services, he is involved in legal support work, due diligence reviews and the provision of expert advice to a number of clients. He had also been involved in consultancy assignments such as the implementation of controls for treasury, construction and inventory operations.
